10th ANNIVERSARY SPECIAL OFFER

SHARE NATURE'S BOUNTY WITH US

To tell you the truth, we did not intend to celebrate our 10th anniversary in business in any special way, save perhaps to be of grateful heart that we have made so many friends among the nation's gardeners in those ten years and to pledge ourselves once again to be worthy of their confidence and friendship.

But 1960 has proved to be one of the best growing years in our experience and our lily beds are bulging with the finest and largest crop of bulbs we can ever remember. And out of this fact has grown our decision to mark the decade by offering many varieties at extraordinary low prices. We want to share with you Nature's bounty (and, frankly, to make room for re-cropping with our 1959 propagations for the years ahead.)

Make note of the savings you will realize over our catalogue prices on the following desirable varieties, and let us reassure those customers who have already placed their orders for these varieties that they will receive additional bulbs for their remittances and thus will be fully protected: (See our Catalogue 1960-61 for descriptions.)

- L. BIG RED 3 for \$4.95 (Catalogue price \$7.50.)
- L. CANDIDUM (large bulbs) 6 for \$4.50; 12 for \$8.75; 25 for \$17.00 (Cat. price \$1.00 ea.)

AN UNUSUAL OPPORTUNITY FOR A LARGE LILY GARDEN

Three bulbs each of the above 25 varieties — a total of 75 bulbs — for \$25.00 postpaid. We will probably never be in a position to make such an offer again. For the gardener who grows lilies extensively, here is a chance to expand his plantings at an undreamt of low cost. To the beginner it opens the way to dip deep into the pleasures of growing this magnificent genus of perennial plants at an outlay not much greater than is required for a garden of annuals.

A MARTAGON X HANSONII OMNIBUS OFFER

6 bulbs of the following varieties of these well known hybrids for \$11.00
(Catalogue price \$17.66) postpaid:

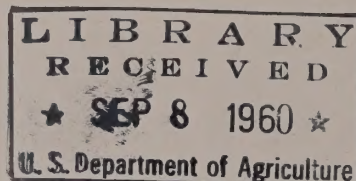

- 1 L. DALHANSONII
- 2 DR. PFEIFFER'S L. 'TERRACE CITY' HYBRIDS
- 1 L. MRS. R. O. BACKHOUSE
- 1 L. SUTTON COURT
- 1 DR. SKINNER'S L. MART. X HANS.

It has been our invariable experience in past years that because of the extremely high values represented by our special offers, we are soon sold out. And because quantities of the varieties in the above offers vary, we advise that orders be placed early or we may not be able to supply what you select. Incidentally, please indicate on your order whether we may substitute. If there is no such indication on your order, we will write you concerning the possibility of making a substitution in the event that we can't fill your request for any item. Substitutions will always be of varieties having a dollar value higher than your remittance. And speaking of remittances, may we have yours with your order? That helps considerably in enabling us to meet our own commitments and saves us much clerical work. **ORDERS ACCEPTED ONLY TO NOV. 20, 1960.**
